

Over 30,000 Men Will Die This Year OF Prostate Cancer

Early detection is the key. Last year I was diagnosed with Prostate Cancer, but I caught it early, and I am now cancer-free. A lot of men won't be as fortunate.

In the early stages of Prostate Cancer, when the cancer is almost 100% curable, there are little or no symptoms. That is why regular visits to your doctor for a PSA blood test and a checkup are so important.

Don't let this be your children in the picture. **See your doctor today!!**

PCA Racing was developed to promote Prostate Cancer Awareness. We would like to thank the following sponsors for all their support:

Thor, Scott, SixSixOne, Renthal, Acerbis, Twin Air, Sunline, Fasst, Gaerne, Moto-Master, SFB Racing, Hardcore Racing, Moto Works, Powersport GrafX, and Elka Suspension.
